2010

Buying a new HP LaserJet printer can more than pay for itself:

HP LaserJet printers and Original HP toner cartridges deliver more than consistent, reliable printing. They can boost productivity, cut costs and help reduce your impact on the environment. No wonder they're the standard for millions of businesses today.

- *New HP printers are often up to three times faster than older models.*
- *Instant-on Technology provides up to 50% energy savings over traditional fusing while providing a first page out in seconds—up to 50% faster than competitive products.*
- *Printing on both sides of a page can reduce paper usage by up to 50%.*
- *Save even more by using high-capacity toner cartridges that yield more prints than standard cartridges, resulting in a lower cost per page.*

For a limited time, get up to \$1,000 cash back when you purchase a qualifying printer and return your old ink or laser desktop printer (any brand, any condition) to HP for free recycling.
